ABOUT ME

Computer Science Engineering undergraduate at Chennai Institute of Technology with a strong foundation in programming, cybersecurity, AI and IoT. Builds practical solutions involving authentication, facial recognition, intelligent monitoring and database-driven applications. Active in hackathons and technical communities.

EDUCATION

CHENNAI INSTITUTE OF TECHNOLOGY | 2025 – 2029 (Expected)
B.E. Computer Science Engineering
CGPA: 8.71

NGP SCHOOL – ALLEN INTEGRATED PROGRAM | 2025
Senior Secondary (Class XII) · CBSE

CHETTINAD VIDYASHRAM
Secondary (Class X) · CBSE

TECHNICAL WORK & ACHIEVEMENTS

Practical solution development across:

- Authentication systems
- Facial recognition
- Intelligent monitoring and surveillance
- Database-driven applications

Hackathons & Recognition

- 3rd Prize — CITCOS Hackathon
- 7th Place — Kaaval Hackathon
- Participant — Smart India Hackathon
- Runner-Up — GD Naidu Hackathon | INR 50,000 cash prize

Community & Leadership

- Member, Google Developer Groups (GDG) Chennai
- Member, EDC CITIL
- NCC Cadet
- General Proficiency Winner (2016, 2018)

SKILLS

PROGRAMMING
- Python, C, C++, Java

DATABASES
- MySQL, PostgreSQL

CYBERSECURITY
- Authentication, firewall software, network security

AI & DATA
- Artificial intelligence, facial recognition, data structures

IOT & TOOLS
- Arduino, ESP32, GitHub, Stack Overflow

CORE STRENGTHS
- Problem solving, teamwork, leadership, adaptability
